

# The Explosion of Airborne Autonomy

- What will they be doing?
  - First Response / Law Enforcement
  - Land, Crop, and Wildlife Management
  - Infrastructure Inspection
  - Aerial Photography
  - Delivery
  - What else?
- How use to them safely?
  - FAA Guidelines / Regulations
  - Autonomous leashes and collision avoidance
  - Training, procedures, and protocols
  - Common sense!
- What is in the way?
  - FAA
  - Public Acceptance
  - Privacy Concerns
- What can you do?
  - Engagement & Advocacy
  - Education
  - **DON'T BE STUPID!!!**

We can draw the same comprehensive vision for other areas, such as:

- Communication relay
- Precision agriculture
- First responders/ news reporters
- ISR
- Air Taxi/general aviation
