

The Explosion of Airborne Autonomy

- What will they be doing?

- First Response / Law Enforcement
- Land, Crop, and Wildlife Management
- Infrastructure Inspection
- Aerial Photography
- Delivery
- What else?

- How use to them safely?

- FAA Guidelines / Regulations
- Autonomous leashes and collision avoidance
- Training, procedures, and protocols
- Common sense!

- What is in the way?

- FAA
- Public Acceptance
- Privacy Concerns

We can draw the same comprehensive vision for other areas, such as:

- Communication relay
- Precision agriculture
- First responders/ news reporters
- ISR
- Air Taxi/general aviation

- What can you do?

- Engagement & Advocacy
- Education
- **DON'T BE STUPID!!!**
